APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source.

It is understood that the 0.5 Cubic foot of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.5 cubic foot per second.

Actual construction work shall begin on or before June 16, 1927

Proof of commencement of work shall be filed before July 16, 1927

Work must be prosecuted with reasonable diligence and be completed on or before August 16, 1927

Proof of completion of work shall be filed before September 16, 1927

Application of water to beneficial use shall be made on or before

October 16, 1928

Proof of the application of water to beneficial use must be filed with State Engineer on or before November 16, 1928.

WITNESS MY HAND AND SEAL this 16th day

of September, 1926.
